

AWT LAND

LAND ASSESSMENT FOR NON-SPECIFIC DEVELOPMENT

If you find it inconvenient outsourcing and scheduling appointments with several companies to assist with your land development process, then AWT, Inc. has a beneficial services package; AWT's Land Assessment for Non-specific Development (LAND). By completing the initial work required for the development of your land, AWT will provide you with one contact individual, that will support you from start-to-finish. **One company, One location!**

AWT, Inc. is an environmental services firm, located in Raleigh, NC. With over 20 years in the business, we have the skills and knowledge to effectively evaluate your land and provide valuable information. The AWT LAND package includes the following components:

- General Soils Evaluation
- Phase 1 Assessment
- Wetlands and Floodplain Assessment
- Local Points of Interest
- Information Regarding Low-Impact Development
- Maps
- AWT's Overall Consultation

AWT employs NC Licensed Soil Scientists, GIS/GPS Mapping Specialists, Irrigation Designers, and Professional Engineers. The wide range of skills housed at AWT allows us to provide a number of services from one source. AWT can also aid through additional steps in the development process, such as additional detailed soils work, layout and design of systems, permitting assistance, subdivision layouts, etc.

If you have any additional questions, feel free to contact Chris Mosley, Senior Project Engineer or Jeff Vaughan, Senior Soil Scientist, at (919) 859-0669.
